

Engineer/Survey Technician III  
Polk County Dallas, Oregon  
Closing Date: May 19, 2017

GENERAL STATEMENT OF DUTIES: Performs sub professional, technical field and office work. Work involves being a lead worker directing the activities of lower level technicians and part-time, seasonal or temporary employees and providing technical advice and instruction. Distinguished from Engineer-Survey Technician II by broader responsibilities, more difficult assignments, and lead work over other employees.

EDUCATION, EXPERIENCE AND TRAINING: Four year engineering or surveying technology degree and two years engineering or surveying experience; or any equivalent combination of experience, education and training.

SPECIAL QUALIFICATION: Must possess and maintain a valid Oregon drivers license and automobile insurance. Possession of an Engineer in Training or Land Surveyor in Training certification.

HOW TO APPLY: Applications must be completed and submitted online at [www.co.polk.or.us](http://www.co.polk.or.us)
